## MAJOR INITIATIVES AT VGD

**MoolGyan-** A venture of Natural Farming, a commendable initiative led by students of VidyaGyan School, has made significant strides in the realm of sustainable agriculture. In a collaborative effort with the School of Natural Science at Shiv Nadar University (SNU) and Jaivik Farms, this project stands as a testament to the power of interdisciplinary partnerships.

By bridging the knowledge and enthusiasm of young minds from VidyaGyan School with the academic rigor of SNU's School of Natural Science, the project fosters a holistic understanding of natural farming techniques. This endeavor not only promotes eco-friendly farming practices but also empowers local communities with valuable knowledge, thereby contributing to the development of a more sustainable and environmentally conscious agricultural landscape.

**The Environment-** Club has left an indelible mark on our community over the past months. In an effort to promote environmental consciousness and sustainable living, the club organized a series of impactful events. Their plantation drive was a resounding success. They planted lot of trees, not only beautifying our surroundings but also contributing to cleaner air and a healthier ecosystem. The club's dedication to nature was further evident in their nature carving project, which showcased the artistic side of environmental conservation.

Another notable event was the "Paalki Yaatra," where participants embarked on a journey of self-discovery while minimizing their carbon footprint. This unique event combined spirituality with environmental awareness, reinforcing the club's commitment to holistic sustainability.

The Environment Club's performance has demonstrated that small actions can lead to significant positive change for our environment.

**Waste Management-** VidyaGyan School students launched a responsible waste management initiative to collect and sort recyclable materials, promoting a circular economy by diverting waste from landfills. Their forward-thinking project addresses the challenge of waste management in the community, recognizing the importance of responsible waste handling. The project is designed to collect and segregate various types of recyclable waste, from paper and plastic to metals, glass, and electronic waste.

**Adolescent Education Program - AEP** for Grade 9 is designed to equip students with knowledge about their changing bodies and minds, offer solutions to common physical concerns, foster a positive body image, and emphasize the importance of proper nutrition for overall well-being. It aims to empower adolescents with information and skills to navigate this crucial period in their lives successfully.

**Energy Ambassadors** - The Energy Ambassadors on campus actively monitor electricity usage across various areas, devising strategies for energy reduction. They also conduct awareness campaigns, including silent marches and special assemblies, to educate and engage the campus community in energy conservation. Overall, they play a crucial role in promoting energy efficiency and sustainability.
