ENVIRONMENT EDUCATION

- **Herbal Gardening Club** - School gardens are a wonderful way to use the schoolyard as a classroom, reconnect students with the natural world and the true source of their food, and teach them valuable gardening and agriculture concepts and skills that integrate with several subjects, such as math, science, art, health and physical education, and social studies, as well as several educational goals, including personal and social responsibility. Students of grade VI to VIII actively participate and make projects on the herbs grown by them.
- **Eco Club** - Eco clubs in schools empower students to participate and take up meaningful environmental activities and projects. It is a forum through which students can reach out to influence, engage their parents and neighborhood communities to promote sound environmental behavior. It empowers students to explore environmental concepts and actions beyond the confines of a syllabus or curriculum. In VidyaGyan students of grade VI to XII are part of this Eco Club where they perform activities to save the environment, like planting trees, organizing poster competitions on various environmental issues.
- **Organic Farming** – Organic farming in school is to create awareness on harmful effects of chemical-based fertilizers to health and refreshes the importance of saving environment and adoption of eco-friendly practices. Students of grade VI to XII actively participate in this activity. Where the harvested vegetables are sold in campus by the students and the money collected by the students is utilized for buying seeds and other agriculture products for upcoming vegetation.
- **Wipro Earthian Project** - A group of five pupils from grade VIII and IX took part in the Earthian Project, organized by CEE and Wipro's Sustainability Education Program for

schools and colleges. The group focused on the topic "Sustainability and Water." This was a program centered around activity-based learning, where the pupils engaged in different activities to comprehend the role of water in the environment and how to maintain it.

- **HCL & CEE - "Generation for Climate Action,"** - The Generation for Climate Action (GenCAN) is a Leadership Challenge for schools initiated by HCL Foundation and CEE. This is a sustainability and climate change education initiative to engage schools with their teachers and students to communicate, collaborate and cooperate in learning about climate change to develop their own action plan for reducing carbon footprint.
